

Miss Frizzell 4th Graders:

Dear 4th grade PAR Students,

I was absolutely delighted to teach all 22 of you this year. I have enjoyed this wonderful journey of learning in math, language arts, writing, science, social studies, and so much more. In turn, I have also cherished our zoom sessions and time spent on the phone learning at home away from our school building. You are all very talented, bright individuals that have promising futures ahead. May your upcoming 5th grade year be full of fun learning adventures as you grow both academically and socially. I hope to see all of YOU next year at PAR EXCELLENCE ACADEMY!

Sincerely,

Miss Frizzell
