

Mrs. McAlpine 1st Grade

This year has been wonderful getting to know each of you. I loved getting my hugs in the morning and listening to your stories. I loved the laughs, tears and hard work we shared together. We have grown so much not only educationally but as a community of learners who care about one another. We left the classroom setting not knowing what the next couple weeks would bring us and you all have rocked the distance learning. It has been so exciting to see your smiling faces working so hard to complete our assignments. I love you all and miss you so much. Good luck on your future adventure. It has just begun!

“Congratulations! Today is your day. You’re off to Great Places! You’re off and away! You have brains in your head. You have feet in your shoes. You can steer yourself and direction you choose. You’re on your own. And you know what you know. And YOU are the guy who’ll decide where to go.” ~ Dr. Seuss
