

November 23, 2020

Dear Par Excellence Academy Families,

Par Excellence Academy has been notified that we continue to have students and their families testing positive for COVID-19. At this time, as a precaution, we are having all Par Excellence Academy at-school students continue at-home learning until December 18, 2020, which takes us into our winter break. Students may return to at-school learning on Monday, January 4, 2021. Students who transitioned from at-school learning to at-home learning will continue the same schedules with their teachers.

We apologize that we must take these measures; however, we will always make the safety of our students and staff top priority.

Continue to check our Facebook and website, www.parexcellenceacademy.org for further updates. You may find all staff emails on our website.

Par Excellence Academy staff is thinking of our families in this very trying and difficult time. While at home, continue to use hand sanitizer, washing your hands and disinfecting.

We wish you a very happy holiday season. Be healthy and safe.

Gisele James
Superintendent
