SPONSOR STATEMENT

A message from the Ohio Department of Education, Office of Ohio School Sponsorship Ohio:

Revised Code (ORC)3314.03(D)(2) specifies that the sponsor of school the must “monitor and evaluate the academic and fiscal performance and the organization and operation of the community school on at least an annual basis.”

All Ohio community school sponsors must evaluate each school and submit a written report of school academic, financial, organizational performance, and legal compliance to the Ohio Department of Education and make the report available to the parents of students enrolled in the community school.

The Ohio Department of Education, Office of Ohio School Sponsorship evaluates its sponsored schools on the performance of Ohio School Report Card indicators and on performance measures as listed in the school’s community school Contract.

The Office of Ohio School Sponsorship monitors the performance of its sponsored community schools through attendance at governing board meetings, on-site visits and through review of compliance surveys, monthly financial reports, and other reports related to the school’s academic, financial and operational performance to ensure compliance with rule and law.

Our Approach

For more than three decades, Success for All (“SFA”) has helped children to read, learn and succeed through our cooperative learning strategies and proven, research-based programs. Our approach aligns, supports and inspires students, parents, teachers and administration to work together to create an engaging and effective learning environment. We offer two ways to create successful schools:

SCHOOLWIDE PROGRAMS

Success for All Schoolwide Programs are whole-school comprehensive programs for schools that want a schoolwide plan to increase student achievement.

TARGETED PROGRAMS

Success for All Targeted Programs have a narrower focus for schools that have identified targeted areas for improving student achievement.

COOPERATIVE LEARNING:

SFA strategies enable students to learn together in class, and teachers to plan, strategize and share best practices, to ensure successful outcomes.

ENGAGING CURRICULUM AND INSTRUCTION:

Videos, web-based lessons, fun activities, and take-home materials make SFA programs engaging and effective for students.

PROFESSIONAL DEVELOPMENT:

Detailed manuals and support enable teachers to easily plan and execute lessons. They are also supported by SFA coaches and a variety of detailed manuals and learning aids.

RESEARCH BASED:

All our programs are based on the latest research-proven instructional strategies, and we rigorously study student outcomes to ensure they are effective in our schools.

Success For All

Our scientific scholars study agricultural principles through both a large outdoor garden and Aeroponic Tower Gardens in the classrooms. Sponsored by the Licking County Health Department, and Together We Grow.
